No. 853.—The following notification of the Government of India is republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY

INSURANCE.

Simla, the 28th August 1915.

No. 14036-80.—In accordance with the provisions of section 25 of the Indian Life Assurance Companies Act, 1912 (VI of 1912), the Governor General in Council is pleased to publish herewith the accounts, balance sheets, abstracts, statements and other documents deposited with him by Life Assurance Companies under the provisions of sub-section (1) of section 11 of the Act and relating to periods not later than the 30th June 1914, together with a note by the Actuary to the Government of India, thereon

INTRODUCTORY NOTE BY THE ACTUARY TO THE GOVERNMENT OF INDIA.

The accompanying accounts and valuation particulars of Indian, British, Colonial and Foreign life assurance companies doing business in British India were due for submission to Government not later than 31st December 1914. The accounts now published comply with the prescribed forms more fully than those contained in the first returns made under the Indian Life Assurance Companies Act which were published in the early part of 1914, and it has consequently been possible to publish, as an appendix to this note, summaries of the ordinary accounts of the Indian companies, while the financial position of many of those companies may now be ascertained from the abstracts of their actuarial valuation reports which are contained in this and in the previous publication. Although the summaries of the accounts are fairly complete they fail to disclose many of the special features of the smaller companies as they are almost entirely hidden when amalgamated with the larger totals of the older and larger companies.

Actuarial Valuations.

During the year actuarial valuation reports, each of which disclosed a divisible surplus, were received from the following five companies :—The Bharat of Lahore, the India Equitable of Calcutta, the Indian Life of Karachi, the National Insurance of Calcutta, and the Indian Empire Branch of the Independent Order of Rechabites.

The valuation of the General Assurance Society of Ajmer only shows a surplus when paid up capital is taken credit for. The solvency of the company is thereby demonstrated, but a surplus thus obtained does not admit of payment of bonus as it is laid down in the Life Assurance Companies Rules

that paid-up capital shall not be treated as part of a company's assets for the purpose of showing a divisible surplus at the time of any actuarial investigation into its financial position.

The valuation of the Mangalore Roman Catholic Provident Fund shows the society to be insolvent. As it is a mutual society and has no subscribed capital which could be utilised to make up the deficiency in the funds, it became necessary to reduce the benefits payable under existing policies and to increase the rates of premium for new ones. Of the three methods of reduction of existing contracts suggested by the consulting actuary as a means to restore solvency the society decided to adopt that by which the sum assured payable at death is reduced by one-third.

The valuation as at 30th April 1912 of the Hindusthan Co-operative Insurance Society of Calcutta was not finally completed and submitted to Government until after three years from that date. It presented many difficult questions for solution but, fortunately, it had been made by one of the senior British actuaries from whom the society received much valuable advice which should enable it to remedy the errors made in past years. For the purposes of valuation the business was divided into three sections. The ordinary life assurance section was found to be solvent, but with no surplus available for distribution. The combined investment life assurance section disclosed a deficit of from about 6 to 7 lakhs depending on the proportion of premium income at which shareholders are willing to conduct this branch of the company's business. The annuities certain and capital redemption section showed a small deficit. Part of the deficit in the combined investment section has now been made good and it is shown in the accounts up to 30th April 1914 and the balance falls to be restored as at 30th April 1915. The company must now be careful to keep expenditure at a much lower rate, so that the concern as a whole may be worked at a profit which will justify the assumption of a 7 per cent. dividend on the combined investment business and permit of reduction of the capital expenditure.

Actuarial valuations of the financial position of fourteen Indian companies have now been received. In the following summary of their valuations the particulars have been arranged according to the magnitude of Life Assurance Funds :—

Name of company	Name of actuary by whom valuation was made	Date as at which valuation was made.	Age of company as valuation date.	Interval since date of previous valuation which resulted in a divisible surplus.	Amount of Life Assurance Fund at valuation date	Results of valuation.

† If the charge of the shareholders upon the fund as compensation for sustaining the whole of the expenses be restricted to 10 per cent. instead of the 25 per cent. they were entitled to, the deficit will be reduced to Rs. 3,94,806.

‡ Solvency was obtained in this case by reducing the sums assured by one-third.

Liquidation

The Pioneer Assurance Company, Limited, Bombay, which was established towards the end of 1913 evidently expected to be exempt from compliance with the Life Act as the sum assured under its policies was said to be restricted to Rs. 500. The company, however, rendered itself subject to the provisions of that Act by undertaking that "the heirs of the first claimant would receive Rs. 25,000, those of the second Rs. 15,000 and so on, until the sum of Rs. 10 lakhs has been divided among 16,000 claimants, each claim being in addition to the sum assured." The company was ordered to be wound up by the Civil Court in January 1914.

The Crown Life Insurance Company of Bombay, which was established a year ago, decided in view of the banking crisis not to commence the issue of policies and is being voluntarily wound up.

The following nine companies which had been carrying on Life Assurance business since the passing of the Life Act are now under process of voluntary liquidation. Such a step was rendered necessary in the majority of these cases by financial difficulties brought about by insurance business having been transacted on the Dividing Society principle.

Name of company.	Place of head office.	Date of resolution to go into voluntary liquidation
Indian Mutual Provident Fund ..	Bombay	April 1913.
Catholic Death Benefit..	Bombay	8th June 1913.
National Relief Corporation	Shikarpur	8th June 1913.
Mutual Beneficial	Rupar	1st December 1913.
Doaba	Jullundur	14th December 1913.
All India Banking and Insurance ..	Lahore	March 1914.
Aswini	Bimlipatam ..	4th April 1914.
Imperial Guaranteed	Calcutta	November 1914.
Capital	Calcutta	12th March 1915.

The financial position of the Coromandel of Bimlipatam disclosed by the audited accounts up to 31st December 1913 made it desirable that the company should be wound up. A meeting convened for this purpose at Bimlipatam adopted the accounts and agreed to the Directors' proposals to wind up the company. The shareholders at a subsequent meeting held at Vizagapatam suspended the Manager and the Secretary and removed the Directors on the ground that the accounts were false; they adopted a resolution disapproving of the Directors' recommendation to wind up the company, and resolved to transfer the company's registered office from Bimlipatam to Vizagapatam. A law suit and a counter suit filed by the rival parties are still pending. It has been decided to await the result of these suits.

The New Bombay Presidency Assurance Society, Limited, was registered on the 1st February 1910 and took over the business of the Bombay Presidency Assurance Society, Limited, which went into voluntary liquidation on the 31st March 1910. No life assurance policies have been issued by the new company.

New Companies.

One ordinary life assurance company, viz, the British Indian Insurance Company, Limited, of Lahore, was established in India during the year 1914. It has complied with the provisions of the Indian Life Assurance Companies Act. Two other companies, viz, the Gujarat Zoroastrian of Surat and the Mutual Help Association of Simla, which were previously working as Provident Insurance Societies, became subject to the Life Act during 1914. The United Assurance Company, Limited, Calcutta, which also had been doing provident fund business lodged during 1914 the initial security deposit under the Act with a view to transacting ordinary life assurance business. It did not, however, issue any policy under the latter class and has subsequently been refunded the amount of the security deposit.

In Southern India, there are several Funds managed by Missionary Societies which have petitioned Government for exemption from compliance with some of the provisions of the Life Act and whose accounts are not included in these returns. The matter is under consideration.

In the following list the names of the existing Indian Life Assurance Companies have been arranged according to the date of establishment under the Province in which their Head Office is now situated:—

Mutual Societies.

Of the companies shown as established prior to 1896, thirteen were mutual and only two proprietary. None of these mutual societies have large funds and it is found that in many cases payment of the full deposit prescribed in section 4 of the Life Act presses unduly on their resources. Payment of the full deposit also interferes with the formation of new mutual societies. In such cases Government will favourably consider any application from an Indian mutual society for permission to pay a smaller deposit. Another privilege which Government have recently decided to extend to such societies is with regard to the audit of their accounts. While life assurance companies having a share capital may employ as an auditor only the holder of an unrestricted certificate or the member of one of the six exempted societies of accountants, mutual life assurance companies may, in addition, employ as an auditor the holder of a restricted certificate or an Associate either of the Institute or of the Faculty of Actuaries.

Life Annuities.

Only three Indian companies grant ordinary annuities, *viz.*, the Bharat, Empire of India and the Oriental, the annuity payments made last year by each of these companies, respectively, being Rs 505, 1,029 and 21,529.

Business other than Life Assurance.

There has been a considerable reduction during the year in the number of Indian companies which transact other business in addition to life assurance, the number having decreased from twenty-one to the nine noted below :—

1. All India United which transacts Fire Insurance.
2. Bharat
3. Empire
4. National of Calcutta } „ Fidelity Guarantee Insurance.
5. Rechabites „ Sickness Insurance.
6. Bengal Provident
7. Hindustan of Gujranwala } „ Marriage Insurance.
8. Victoria
9. Christian Mutual „ Capital Redemption business.

The classes of business other than Life Assurance which were discontinued may be summarised as follows :—

Policies payable on Marriage have been discontinued by 10 companies.
" " at Birth " " 2 "
" " at Upanayan ceremony have been discontinued by 2 companies.
Capital Redemption policies " " " 1 company.
Personal Accident " " " 1 "

Dividing Insurance Business.

The following thirteen companies have ceased to issue policies on the dividing principle :—

1. Eastern, which issued policies payable at death.
2. Capital
3. Coromandal
4. Doaba
5. India Equitable
6. Northern Crescent
7. Popular
8. Star of India
9. Universal

} which issued policies payable at Death and on Marriage.

10. Aryya, which issued policies payable at Death, on Marriage and at Upanayan ceremony.
11. National of Amritsar, which issued policies payable at Death, on Marriage and at Birth.
12. Unique, which issued policies payable at Death on Marriage, at Birth and at Upanayan ceremony.
13. Imperial Guaranteed, which issued policies payable on Personal Accidents.

Many of the abovementioned companies must regret that they ever transacted such business. Life assurance policies on the dividing principle can now be obtained only from the following four companies :—

1. Bengal Provident.
2. Chittagong.
3. Hindustan of Gujranwala.
4. Victoria.

In every case where any of these seventeen companies has guaranteed a minimum benefit in respect of each policy that maximum amount is all that is now being paid. Although this is very much less than many policyholders were originally led to expect it is more than some of the companies can now afford to pay. Where no minimum benefit is guaranteed the sum payable on a claim occurring is, as was to be expected, steadily decreasing. In the Introductory Note to last year's issue of the Returns I referred to the mistakes made by many companies transacting life insurance on the dividing principle in supposing that such business never entails more than a liability for the period to which the premiums paid relate and in supposing that it is unnecessary to build up a reserve on actuarial principles to ensure payment of the benefit guaranteed at death or survivance. Such mistakes if continued in can only end in the insolvency of the company. Those Indian life offices, which have not yet appointed an actuary on their staff and which can afford to do so, might with advantage to themselves procure the services of some of those Indians who have passed the examination of Associate of the Institute of Actuaries, London. These companies could then have expert advice which would help them to build up a business on sound lines and avoid all crude and unsound systems such as the Combined Investment endowment of the Hindusthan Co-operative of Calcutta and the Dividing Insurance business previously referred to. At present only one of the Indian Companies is known to have a whole-time actuary employed on its staff. The Institute of Actuaries holds examinations in April each year in Calcutta and Bombay.

Surrender Values.

Some of the companies which have not yet undergone an actuarial valuation are noticed to be allowing surrender values at a rate which it is quite likely they cannot very well afford. The question of what would be a safe surrender value to allow is much more difficult to answer than is generally believed and should not be decided without actuarial advice. It depends on the rates of premium charged, the benefits promised and on the company's experience in regard to the rates of mortality, interest and expenditure.

Policy Conditions and Power to alter them.

In the Introductory Note to last year's Returns, I referred to the desirability of companies stating clearly the procedure to be adopted in making new rules or in altering or repealing existing ones, and prescribing that no such amendment or repeal should detrimentally affect the terms of contracts then existing. Instances have occurred during the year of the need of such rules, as well as of the desirability of each policy containing a full statement of the conditions to which it is subject.

Statistical Information.

The new sums assured by Indian companies under ordinary life assurance policies has remained constant during each of the past two years and amounted to about 3 crores and 20 lakhs each year.

Whole life policies were issued last year for	40 lakhs.	This is	12·5	% of the total.
Limited Payment policies	" 22	"	7·0	"
Endowment Assurance policies	" 246	"	76·8	"
Childrens' Endowments and other classes of policies.	" 12	"	3·7	"
Total	.. 320 lakhs.			

The total sums assured, including bonus additions, under ordinary life assurance policies in force at the end of the year under review was nearly 22½ crores of rupees. This is about 1½ crores in excess of the corresponding amount at the end of the previous year. The total amount for which policies are issued each year in India by all companies cannot be stated as no particulars of this nature are submitted by the British companies and the other companies which transact business both in the United Kingdom and in India.

The average rate of annual premium payable under the policies issued by Indian Companies is nearly equal to 5½ per cent. of the sum assured. The corresponding rate deduced from the returns to the British Board of Trade is about 4 per cent. The higher rates of premium payable for residence in India have less to do with this difference in the average rate of premium than the fact that more than three-quarters of the sums insured by Indian Companies is under the endowment assurance system, while in the United Kingdom such policies do not constitute half such a large proportion of the total business.

It will be seen from the summary of new business that some of the smaller companies have been issuing policies for sums which bear a dangerously high ratio to the total amount of their assets; this should be carefully guarded against in future.

The summary of dividend rates shows that notwithstanding an increase in the dividends of some of the older companies the average rate of the Indian Companies as a whole has fallen to less than half of what it was two years previously. This is greatly due to the fact that no dividend was paid in the year under review by thirteen companies which formerly had paid dividends, several of those thirteen having been persuaded to forego payment of dividend until after completion of an actuarial valuation of their assets and liabilities.

The total income shown in the life assurance revenue accounts of Indian Companies was 1 crore and 42 lakhs—

Of this 1,17 lakhs or 82·4 per cent. of the total was derived from premiums.			
Do.	23 lakhs or 16·3	do.	do.	interests and rents (less tax).
Do.	2 lakhs or 1·3	do.	do.	other items.
	1,42 lakhs.			

This total income was disposed of as follows.—

49 lakhs or 34·4 per cent. of the total went in payment of claims by death.			
13 ,, or 9·3	do.	do.	claims by survivance.
2 ,, or 1·4	do.	do.	surrenders.
1 lakh or ·7	do.	do.	annuities.
0·4 ,, or ·3	do.	do.	bonus in cash and reduction of premium.
0·7 ,, or ·5	do.	do.	dividends to shareholders.
23 lakhs or 16·7	do.	do.	expenses.
2 ,, or 1·3	do.	do.	depreciation, transfer to Investment Reserve Fund, etc.
46 ,, or 32·4	do.	do.	increase to funds.
1,42 ,,			

The total expenses in connection with life assurance business amounted to 24 per cent. of the premium income. If the expenditure applicable to new business be assumed to be equal to the new annual premium income it will be found that the balance of the life assurance expenditure comes to about 10 per cent. of the renewal premium income.

The life assurance funds of the Indian Companies amounted to over 6½ crores. During the year these funds earned interest at the rate of 4½ per cent on the average, after deduction of income-tax; this is about ½ per cent higher than the average rate earned in the United Kingdom by life assurance companies.

The total assets of the Indian Companies have increased during the year by over two-thirds of a crore and now amount to nearly 6½ crores, made up as follows:—

	LAKHS
Mortgages on property in India	13
Loans on companies' policies within their surrender values	37
Loans on personal security, etc.	6
3½ per cent. Government promissory notes at approximate cost price ..	3,69
3 per cent. do. do. ..	62
Indian Municipal, Port Trust and Improvement Trust debentures	1,08
Indian Railway Company shares	1
House property	37
Other Indian investments	18
Colonial stock	1
Agents' balances, outstanding premiums and outstanding interests	21
Accrued interest	6
Deposits, cash, stamps, etc.	17
Stationery, furniture, etc.	2
Sundry debtors and other miscellaneous assets	2
Total ..	6,62

Capital outlay for preliminary and organisation expenses, restoration of valuation deficits, etc., is not included in the above statement; it amounted to 15¼ lakhs, due mainly to the capital expenditure of the Hindusthan Co-operative Insurance Society. The total amount of the paid up capital of the Indian Companies exceeded 37 lakhs of rupees.

British Colonial and Foreign Companies.

In the last portion of this publication will be found the accounts and valuation particulars relating to 20 companies, of which 15 are constituted in Britain, 2 in Canada, 1 in Australia, 1 in the United States of America and 1 in Shanghai, and which are partially exempt from the Indian Act on the

ground that they carry on business in the United Kingdom and comply with the provisions of the English Assurance Companies Act of 1909.

The classes of business, in addition to ordinary life assurance, transacted by these 20 companies are shown in the following statement:—

The principal effect of the exemptions allowed to these British, Colonial and Foreign companies is that they are freed from the necessity of making a deposit with the Controller of Currency and may submit their accounts in the form required by the English Assurance Companies Act of 1909. That Act is slightly different from the Indian Act and requires separate revenue accounts for each of certain classes of business other than life assurance, such as, fire, accident, employers' liability, capital redemption, etc. Not many policies of these classes of business are issued in India, and the revenue accounts relating to these classes as published by these Non Indian companies have consequently been omitted from this publication, except in cases in which there are not more than two such accounts in addition to the revenue accounts of the ordinary life assurance and annuity business. Similarly, many of the valuation statements furnished by these companies have been omitted where they do not relate to Indian business. Although the particulars are thus reduced by nearly two-thirds, yet nothing of importance has been omitted which either gives details relating to Indian policies or shows the position of a company as a whole.

Exemptions.

During the year complete exemption from compliance with the Act was granted to the National Mutual, London, and to the Sun Life Assurance Society, London, as they no longer issue policies in India, while the City of Glasgow and the Liverpool Victoria life assurance companies no longer submit returns under the Act as they are now incorporated in the Scottish Union and National and Commercial Union Companies, respectively.

The following companies and pension funds have been granted complete exemption from compliance with the Act, and this publication contains no particulars relating to them:—

(a) Companies no longer issuing policies in India—
- (1) English and Scottish Law Life Assurance Association, Edinburgh.
- (2) National Mutual, Life Assurance Society, London.
- (3) London and Lancashire Life and General Assurance Association, London.
- (4) Scottish Metropolitan Assurance Company, Edinburgh.
- (5) Star Assurance Society, London.
- (6) Sun Life Assurance Society, London.
- (7) Madras Equitable Assurance Society.

This society (No. 7) is governed by a separate Act passed by the Madras Legislature and has not issued any policies since 1910.

(b) Pension Funds connected with Indian Government services—
- (1) Postal Insurance Fund.
- (2) Bengal Civil Fund.
- (3) Indian Civil Service Family Pension Fund.
- (4) Bengal and Bombay Uncovenanted Service Family Pension Fund.
- (5) General Family Pension Fund.
- (6) Hindu Family Annuity Fund.
- (7) Bengal Christian Family Pension Fund.
- (8) Bengal and Madras Service Family Pension Fund.
- (9) Indian Civil Service Annuity Fund.
- (10) Indian Military Service Family Pension Fund.
- (11) Queen's Military Widows' Fund.
- (12) Madras Civil Fund.
- (13) Madras Military Assistant Surgeons' Fund.

THE INDIAN LIFE ASSURANCE COMPANIES RULES, 1915, AS AMENDED.

Short title. 1. These rules may be called the Indian Life Assurance Companies Rules, 1918.

Definitions. 2. In these rules, unless there is anything repugnant in the subject or context—

(a) "the Act" means the Indian Life Assurance Companies Act, 1912;

(b) "Company" means a Life Assurance Company to which the Act applies;

(c) "dividing society business" means life assurance business under which the amount payable on the policy money becoming due is not fixed, but depends either partly or wholly on the results of the division of any portion of the premium income or funds amongst the policies which have become due for payment in proportion to the premiums received under each class in any specified period.

Qualifications of Actuaries under the Act. 3. (1) Any person who, as an Actuary, investigates the financial condition of a company or signs valuation returns of a company shall be either—

(i) a Fellow of the Institute of Actuaries, London, or a Fellow of the Faculty of Actuaries in Scotland; or

(ii) where application is made by a company and where, in the opinion of the Governor General in Council, special circumstances exist,—

(a) an Associate of such Institute of Actuaries or of such Faculty of Actuaries; or

(b) such other person having actuarial knowledge as the Governor General in Council may authorize to be employed to perform the duties of an Actuary.

(2) Every application by a company for permission to employ as an Actuary any person other than a Fellow of the Institute or Faculty of Actuaries shall state the work for the performance of which such person is required, and the Governor General in Council, if he grants the application, shall cause a certificate to be issued to the company permitting, subject to such conditions and restrictions as he thinks fit, the employment of the person mentioned in the application.

Accuracy of particulars. 4. An Actuary when investigating the financial condition of a company shall either satisfy himself as to the accuracy of the particulars extracted from the books or require a certificate of their accuracy from the Manager and one other responsible officer of the company.

Particulars to be given in report of Actuary. 5. An Actuary, after investigating the financial condition of a company, shall report—

(a) whether the calculations are correct and made on the principles which are contained in the statement furnished under the Fourth Schedule to the Act;

(b) whether these principles have his approval;

(c) whether he has obtained all the information and explanations that he has required;

(d) what adjustment was used in the valuation to allow for unequal incidence of the premium income, and for premiums payable more often than once a year;

(e) the method by which both the ages at entry and the ages at valuation were arrived at;

(f) the rate at each age of the mortality assumed and of the annuity values used in the valuation where the tables employed are not published;

(g) whether all negative values were eliminated from the valuation; and

(h) the reserve values held against policies effected at ages 20, 30, 40 and 50 and which have been in force for 1, 2, 3, 4, 5, 10, 15 and 20 years, respectively, in respect of—

(i) Whole Life Assurances with premiums payable throughout life;

(ii) Whole Life Assurances with premiums payable for 20 years;

(iii) Endowment Assurances payable at age 61 or previous death.

Further particulars in case of company not in a position to distribute surplus. 6. In the event of the Actuary finding that the financial condition of the company is such that, in his opinion, no payment should be made either of bonus to policy-holders or of dividend to members, he shall state whether or not he finds the company to be solvent. If he finds it to be insolvent—

(a) he shall state whether he considers that the company could be made solvent as regards existing contracts by the transfer of its subscribed capital (whether paid or unpaid) to make good the deficiency in the life assurance fund. If so, he shall state what in his opinion is the amount so required, and whether or not any alteration should be made in the rates of premium for future contracts;

(b) if he considers that the company cannot be made solvent as regards existing contracts by the transfer of the whole of the subscribed capital to the credit of the life assurance fund, he shall state what proportion of the sum assured the company would, in his opinion, be able to meet under such contracts, if all the premiums thereunder were reduced proportionately with the sum assured, and all subscribed capital were fully paid up and transferred to such fund.

Paid-up capital not to be treated as assets. 7. Companies transacting life assurance and annuity business only may include in the life assurance revenue account the paid-up capital and all the other funds of the company, such as Investment Reserve Fund, Dividend Reserve Fund, Sinking Fund, etc., stated separately both at the beginning and at the end of a year, so as to show any increase or diminution in such individual funds during the year; but although paid up capital may be shown along with the funds in this way, it shall not be treated as part of the company's assets for the purpose of showing a divisible surplus at the time of any actuarial investigation of the financial condition of the company.

Dividing society business. 8 Every company transacting dividing society business shall show in its accounts both the premium income and the claims of each class of such business separately from the premiums and claims of the other classes of business transacted by the company.

Separate revenue account. 9. A company may submit a separate revenue account similar to the Life Assurance Account, in addition to forms A, B and C of the First Schedule, for any class of business which it transacts, such, for instance, as dividing society business.

Policies not qualifying for full benefits.

10. If any class of policy is not qualified for full benefits until after the first year or other stated period, the premium income of that class shall be separated accordingly in the accounts. In the case of a company having more than one qualifying period for any such business, the premium income shall be shown separately for each qualifying period.

Audit of accounts of companies not subject to law of British India regarding registration of companies.

11. The accounts of every company not subject to audit in accordance with the provisions of any law for the time being in force in British India regarding the registration of companies shall be audited in accordance with that law

Qualifications of Auditors under the Act.

11-A. (1) Save as hereinafter provided in this rule any person who audits the accounts of a company shall be either:—

(a) a member of any of the following Institutes and Societies:—
(a) The Institute of Chartered Accountants of England and Wales;
(b) The Society of Incorporated Accountants and Auditors;
(c) The Society of Accountants in Edinburgh;
(d) The Institute of Accountants and Actuaries in Glasgow;
(e) The Society of Accountants in Aberdeen;
(f) The Institute of Chartered Accountants in Ireland;

or

(2) the holder of a certificate granted by any Local Government under section 144, sub-section (1), of the Indian Companies Act, 1913 (VII of 1913), entitling him to act as an Auditor of Companies under the said Act:

Provided that such certificate does not restrict or limit to any part of British India the right of the holder to act as an Auditor

(b) In addition to persons specified in sub-rule (1), the following persons may audit the accounts of Mutual Life Assurance Companies, namely:—

(a) A Fellow or an Associate of the Institute of Actuaries, London, or a Fellow or an Associate of the Faculty of Actuaries in Scotland.

(b) The holder of a certificate granted by a Local Government as aforesaid entitling the holder to act as such auditor throughout the province within which the principal place of business in British India of the Mutual Life Assurance Companies is situate.

Additional particulars in case of companies to which Act applies.

12. Every Auditor auditing under the Act the accounts of a company shall state the following additional particulars in his report—

(a) Whether or not he has personally verified the whole of the investments with the securities and other vouchers and is satisfied as to their correctness;

(b) any other matters that he considers should be brought to the notice of the members or policy holders of the company.

Deposit of copies of documents

13. Copies of the documents mentioned in section 14 of the Act shall be deposited at the head office and the principal branch office in each province in which the company transacts business for the inspection of any member or policy-holder of the company.

Fees.

14. Copies of all documents deposited with the Governor General in Council under the Act shall be kept by the Registrar of the province in which the head office in British India of the company is situate, and shall be open to inspection on payment of a fee of one rupee; and any person may procure a copy of any such document or any part thereof on payment of a fee of six annas for every hundred words or fractional part thereof required to be copied.

Translation of documents.

15. If any portion of any document required to be deposited under the Act is not in the English language, a translation thereof, certified by a responsible officer of the company to be correct, shall be furnished along with each copy deposited with the Governor General in Council

Form of notice under section 19.

16. Notice under section 19 of any alteration in—

(a) the charter, statute, or memorandum and articles or other instrument constituting or defining the constitution of a Life Assurance Company constituted outside British India, or

(b) the list of directors of such company, or

(c) the names and addresses of persons resident in British India authorized to accept on behalf of such company service of process and other notices required to be served by the Act,

shall, within three months from the date upon which such alteration was effected, be filed with the Registrar, in the Form annexed.

Form referred to in rule 16.

(For companies constituted outside British India.)

Fourth Schedule

STATEMENT by the Actuary respecting the valuation of the liabilities under life policies of the Mangalore Roman Catholic Provident Fund.

I

The valuation is made as at 31st December 1913.

II

(a) The present investigation is the first that has been made into the value of the liabilities of the Society which was originally commenced as a dividing society, the rules however having been altered from time to time to permit of a larger proportion of the contributions being placed to reserve than was originally allowed for

An investigation is now required by the provisions of the Act under which this return is made as the society has been held to come within the scope of these provisions. The principles adopted in the valuation were determined by the actuary.

(b) The liability of the society was ascertained by deducting from the present value of the sums assured the present value of 94 per cent. of the office premiums actually payable.

(c) The sums assured by the policies are payable at death and the premiums are payable during the whole currency of the policies. The policies were classified for valuation according to age next birthday at the anniversary of the policy nearest to the date as at which the valuation is made.

(d) There are no policies on under average lives.

III

The tables of mortality used in the valuation are—

(a) For male lives the British offices O^m table with a rating up of 7 years.

(b) For female lives the British offices O^f (5) table with a rating up of 2 years.

The functions of this table are published in the Transactions of the Faculty of Actuaries, Volume VII, Part II.

IV

The rate of interest assumed in the calculations is 4 per cent.

V

The proportion of the annual premium income reserved as a provision for future expenses is 6 per cent. of the office premiums and allowance is made in the value of the net premiums for the elimination of all possible negative values.

VIII

There is no provision made in the rules of the society for the distribution of profits.

IX

No profits have been made by the society as at the date up to which the valuation is made.

Pursuant to the Indian Life Assurance Companies Rules, 1913, the Actuary has stated in his report as follows:—

Rule 4.—The particulars required for the valuation were extracted from the records of the Society and forwarded by the President who has certified that they are correct in every particular.

Rule 5.—(a), (b) and (c) The valuation was made on the basis and on the principles which are contained in the statement furnished in the Fourth Schedule to the Indian Life Assurance Companies Act, 1913. All the explanations required for the valuation were received, the principles of the valuation are approved and the calculations are believed to be correct.

(d) The premiums under all the policies of the society are payable monthly and the value of the future premiums was obtained by multiplication of the annual premiums by the value of the continuous annuity ($\ddot{a}x$).

(e) The ages at entry are the ages at the birthday next following the date of entry. The ages at valuation are the ages at the birthday next following the nearest anniversary of the policy at the date of valuation.

(*f*) The rates at each age of the mortality assumed and of the annuity values used in the valuation are as follows:—

NOTE.—The reserve values for policies of class II (sum assured Rs. 340 increasing to Rs 723-8-0) and class III (sum assured Rs. 200 increasing to Rs. 425) are, to those above given, practically proportionate to the sums assured of the respective classes.

The reserve values are those which are allowed for in the summary and valuation of the pehmas return under the fourth schedule of the Indian Life Assurance Companies Act, 1912, but are not actually held by the Society as hereinafter stated

Rule 8.—The result of the valuation shows that the Society cannot meet its liabilities and is therefore insolvent.

(*a*) The society is a mutual one and has no subscribed capital which could be utilised to make up the deficiency in the funds The rates of premium for future entrants will require to be altered

(*b*) The proportion of the sum assured the society would be able to meet under its existing contracts if all Premiums thereunder were reduced proportionately with the sum assured is estimated at 38 per cent. It is not considered that this method of reducing the contracts is the best for the society to adopt in the circumstances and after investigation it is recommended that the sum assured payable at death in respect of the existing contracts should in the case of all members having entered the society prior to the alteration in 1894 of the rules as to the sums payable at death, be reduced to 55 per cent of the amount provided for by the present rules, and in the case of all members having subsequently entered the society the sum assured should be reduced to 87½ per cent. of the amount so provided for, the premiums under all the existing contracts to be payable in future at the same rate as at present.

No. 484.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY

INSURANCE.

Simla, the 28th August 1915.

No. 14011.—The following review on the working of the Indian Life Assurance Companies Act, 1912 (VI of 1912), is published for general information :—

The Indian Life Assurance Companies Act came into force on 18th March 1912. The accounts and valuation particulars for two complete years have been received and published each year with an introductory note by the Government Actuary. The figures for the latter year relate in all cases to a period ending before the outbreak of the war.

2. The manner in which the accounts are drawn up exhibits a gratifying degree of improvement, and bears testimony to the capacity of the smaller companies to profit by the advice and assistance

given them in the preparation of their statements and the maintenance of their accounts. In spite of the unsound financial conditions which prevailed throughout much of the period under review, the number of companies doing business under the Life Assurance Act exhibits little change, and it is obvious that the apprehensions entertained at one time of the possibly injurious effect of the legislation now in force on Indian Life Assurance enterprises have not been justified. When the Act was passed, there were 49 Indian Companies which came under its scope. Of these, 9 have undergone liquidation, while 6 fresh ones have commenced business leaving a balance of 46. In addition to this number, life assurance business is undertaken by other 22 companies of which 15 are constituted in the United Kingdom, 6 in other parts of the British Empire and 1 in the United States of America. Of the 46 Indian Insurance companies now working, there are, it is true, a few which, sooner or later, will probably have to admit that their financial position does not warrant a continuance of their operations, and will have to go into liquidation. The Government Actuary's statements relate to two years, during the latter of which the amount of life assurance funds held by Indian companies increased by nearly half a crore and now exceeds 5½ crores, while the total sums assured have increased in the same period by about one and a half crores and now amount to nearly 223 crores. Though the larger companies naturally account for the bulk of this increase, there are many smaller companies which had materially improved their position up to the close of the period to which their published accounts relate and the general improvement would have been undoubtedly far greater but for the adverse conditions created by the Bank failures in Bombay and the Punjab.

3. The general policy of the Government of India with regard to Indian Life Assurance Companies has been to bring home to them the disadvantages of unsound methods where such have been pursued and to endeavour to induce the companies concerned to remedy such methods where it seemed that their financial position had not already been shaken to too great an extent to permit of reparation. While keeping in view the duty of securing the interests of policy holders, Government have also borne in mind the importance of abstaining from action which might unnecessarily harass a company under temporary difficulties due to unskilled though honest management. This policy has been loyally carried out by Mr. Meikle, the Government Actuary, who has maintained helpful and sympathetic relations with Indian Insurance companies, while paying due attention to the necessity of safeguarding the interests of policy holders.

4. One of the worst faults which have characterised the less efficiently managed companies, has been their failure to obtain skilled actuarial assistance to advise them regarding their financial position. This has led in some cases to their declaring dividends unwarranted by the profits earned. The need for skilled help is now much more generally recognised. During the past two years, 14 actuarial valuations have been received, and there is a wide-spread recognition that something more than zeal and intelligence is needed to manage so highly technical a business as that of Life Assurance. The result has been that since the Act came into force several companies have discontinued the payment of dividends in consequence of the advice either of their actuary or of Government. Another source of danger was the undertaking, in addition to ordinary Life Assurance, of such business as "dividing" Insurances, payable on death, or on the occasion of births and marriages, a line of business which has involved several companies in serious difficulties. Thirteen companies which previously undertook dividing insurance have now discontinued it.

5. In view of the less complicated nature of the accounts of Mutual companies and the comparative smallness of the sums involved in their transactions, permission has been given to such companies to employ the services of auditors holding restricted certificates. There are a number of Mutual companies, the larger proportion of whose business consists of small insurances such as would ordinarily fall under the Provident Insurance Societies Act. In such cases, the Government of India have expressed their readiness to consider applications for some temporary relaxation of the provision of the Act regarding compulsory deposits; and in no case has any such company been compelled to suspend business solely on account of the necessity for the payment of the statutory deposit. The Government of India are gratified to observe the growing sense of responsibility and the desire to attain a satisfactory standard of working that has generally characterised the smaller Indian Life Assurance companies; and they see good reason to hope that their efforts to put their business on a sounder basis will be rewarded by an increase in its volume and by enhanced prosperity, when the unfavourable conditions arising out of the war have passed away. These, however, will not begin to be apparent until the receipt of the next series of annual statements.

Ootacamund, September 11, 1915.

No. 853.—The following draft amendment which the Governor in Council proposes to issue under section 24 (2) (a) of the Provident Insurance Societies Act, 1912 (V of 1912), is published for general information.

2. Notice is hereby given that any objections or suggestions which may be received from any person with respect to the draft amendment on or before the 1st October 1915 will be duly considered.

Draft Amendment.

In exercise of the power conferred on him by section 24 (2) (a) of the Provident Insurance Societies Act, 1912 (V of 1912), the Governor in Council is pleased to make the following amendment in rule IX-A of the rules made under section 24 of the same Act and published at page 723 of Part I of the *Fort St. George Gazette*, dated the 12th May 1914.—

Amendment.

In rule IX-A (a), after the word "Ireland", insert "Fellows or Associates of the Institute of Actuaries, London, or of the Faculty of Actuaries in Scotland".

No. 658.—In exercise of the powers conferred on him by section 144 (2) of the Indian Companies Act, 1913, and in supersession of the previous notifications on the subject, His Excellency the Governor in Council is pleased to make the following rules providing for the grant of certificates entitling the holders thereof to act as auditors of companies :—

RULES.

I. In these rules —

(1) "Restricted certificate" means a certificate entitling the holder to act as an auditor of companies within the limits of the Presidency of Madras only.

(2) "Unrestricted certificate" means a certificate entitling the holder to act as an auditor of companies throughout British India.

II. The Local Government may ordinarily grant to any person, other than a member of an institution or association specified by notification of the Governor-General in Council under the proviso to section 144 (1) of the Act, but who has had not less than five years' practical experience of auditing accounts, a certificate authorizing him to audit the accounts of companies. Such certificates shall be valid for two years from date of issue and may from time to time be renewed for any period not exceeding two years : provided that permanent certificates may be granted in exceptional cases.

III. A certificate granted under rule II shall be either restricted or unrestricted and shall be in Form A or Form B in the schedule hereto annexed.

IV. The restricted certificate shall specify the language or languages of the accounts which the holder shall be entitled to audit, and the holder thereof shall be entitled to audit accounts kept in such language or languages only.

V. Every application for a certificate shall be made through the Registrar of Joint Stock Companies, Madras, and shall state whether the applicant has applied to any other Government or administration for a certificate and if so with what result.

VI. It shall be open to the Local Government at any time and for such cause as they may consider to be sufficient to cancel any certificate granted by them under these rules.

SCHEDULE.

FORM A.

Restricted Certificate.

This is to certify that is entitled to act as an auditor of companies, subject to the rules for the grant of certificates to auditors published by the Government under section 144 (2) of the Indian Companies Act VII of 1913. The holder hereof is authorized to audit accounts in the . . and . . language(s) and no other.

This certificate expires on

Date of issue 191 . *Secretary to Government.*

NOTE.—(1) The holder of this certificate is entitled to audit companies' accounts within the limits of the Presidency of Madras only.

(2) The holder is also entitled,—

(a) in view of the provisions of rule IX-A (*b*) of the rules published by the Local Government under section 24 (2) (*c*) of Act V of 1912, to audit the accounts of Provident Insurance Societies within the limits of the Presidency of Madras, and

(*b*) in view of the provisions of rule 11-A of the rules issued by the Governor-General in Council under section 39 (2) (*c*) of Act VI of 1912, to audit the accounts of Mutual Life Assurance Companies, whose principal places of business are within the limits of the Presidency of Madras.

FORM B.

Unrestricted Certificate.

This is to certify that is entitled to act as an auditor of companies, subject to the rules for the grant of certificates to auditors published by the Government under section 144 (2) of the Indian Companies Act VII of 1913.

This certificate expires on

Date of issue 191 . *Secretary to Government.*

NOTE.—(1) The Local Government have not exercised in respect of this certificate the authority granted to them under section 144 (2) of Act VII of 1913 to limit to the Presidency of Madras the right of the holder to audit companies' accounts. This right may therefore be exercised throughout British India.

(2) The holder is also entitled,—

(i) in view of the provisions of rule 11-A of the rules issued by the Governor-General in Council under section 39 (2) (*a*) of Act VI of 1912, to audit the accounts of Life Assurance Companies throughout British India ;

(ii) in view of the provisions of rule IX-A (*b*) of the rules issued by the Local Government under section 24 (2) (*c*) of Act V of 1912, to audit the accounts of Provident Insurance Societies within the Presidency of Madras ; and

(iii) to audit the accounts of Provident Insurance Societies in other Provinces subject to any restrictions imposed by the Local Governments concerned by rules under section 24 (2) (*a*) of Act V of 1912.

No. 647.—In exercise of the powers conferred by sub-section (2) of section 1 of the Madras Towns Nuisances Act, 1889 (III of 1889), the Governor in Council is pleased to extend, with effect from the 1st January 1916, the provisions of sections 2 to 19 (both inclusive) of the said Act to the local areas specified in the schedule below.

GOVERNMENT OF INDIA TERMINABLE LOAN.

Notice as to the Conditions on which the Public May Subscribe through the Post Office.

The Government are raising this year's loan in a new form carrying 4 per cent. interest. It will be repaid in full not later than November 1923, but Government can repay it if they wish any time after October 1920.

2. Rupees 4½ crores have already been raised in the usual way by the receipt of applications at Calcutta, Madras, Bombay and other large centres, and, so far, the loan is now closed. But in addition a special opportunity is being given to persons who wish to take up the loan in small amounts, whether they are savings bank depositors or not, of subscribing through the nearest post office which transacts savings bank business.

HOW TO SUBSCRIBE.

3. Applications through the post office can be made any time up to the 30th October.

4. Applications must be for even hundreds of rupees and for not less than Rs. 100 and not more, in the case of any one applicant, than Rs. 5,000.

NOTE.—An applicant may apply for the new loan up to Rs. 5,000, notwithstanding that he already holds 3½ per cent. Promissory notes previously purchased through the post office.

5. A person desiring to apply must fill up the form below, which can also be obtained at any post office which transacts savings bank business. He must at the same time pay the full amount for which he applies. For this purpose he can use the money in his savings bank account if he is a savings bank depositor, or he can pay in cash direct. The applicant may go to the post office himself or send a messenger. All amounts paid will be acknowledged.

6. For every Rs. 100 which the applicant pays he will receive Government Promissory notes for the same amount.

CUSTODY OF PROMISSORY NOTES.

7. The notes may either be kept by the applicant in his own custody or, if he prefers, they may be retained in the custody of the post office authorities on his behalf. He should state which method he prefers in filling up the form of application. If he wishes to keep the notes himself, the post office will advise him when they are ready for delivery, and, on his presenting himself personally, they will be made over to him. If he prefers to leave them with the post office, his personal attendance will not again be required, but the post office will send him an intimation in due course that they have been received and are held on his behalf. Should he at a later date desire to keep the notes himself, they will then be made over to him.

PAYMENT OF INTEREST.

8. Interest at 4 per cent. a year will be paid half-yearly, *i.e.*, 2 per cent. on the 31st May and 2 per cent. on the 30th November every year. For the broken period from the date of subscription to the 30th November next, interest will be paid in cash at the time the Promissory notes are delivered if the applicant keeps them himself, or will be credited into the savings bank account mentioned in the next paragraph if he leaves the notes in the custody of the post office authorities.

9. If the applicant decides to leave his Promissory notes in the custody of the post office authorities, the latter will draw the interest for him regularly each half-year and credit the amount into a savings bank account which will be opened for this purpose in his name. The post office will also inform him from time to time whenever interest is thus received. No charge will be levied for this service, and no income-tax will be deducted in making the half-yearly payments of interest.

If he keeps the Promissory notes himself, income-tax will be deducted from interest in the usual way at the time the half-yearly payments are made.

SALE OF PROMISSORY NOTES.

10. If at any time a savings bank depositor who holds Promissory notes in this new loan, which have been purchased through the post office by the procedure here described, desires to sell them again, or any part of them, the post office will arrange this for him without charging brokerage or other fees. Full particulars as to this can be obtained from the post office at any time.

FORM OF APPLICATION.

I _____

hereby apply for Rupees _____

of the four per cent. terminable loan advertised in the Notification published in the *Gazette of India, Extraordinary*, dated the 28th July 1915.

I deposit herewith Rs. _____ being the equivalent of the amount of loan applied for by me at par.

I request that Rs. _____ being equivalent of the amount of loan applied for by me at par may be made available for this purpose from the balance standing to my credit in the Post Office Savings Bank.

In payment for the amount of loan applied for by me at par, I deposit herewith Rs. _____ and request that the balance, viz., Rs. _____ may be made available from the amount at my credit in the Post Office Savings Bank.

ഇന്ത്യാ ഗവർമ്മെണ്ടുവക അവധി വെച്ചിട്ടുള്ള കടം.

തപ്പാലാപ്പീസ് മുഖാന്തരം പൊതുജനങ്ങൾ പണം അടക്കുന്നതു നിശ്ചയങ്ങളെപ്പറ്റിയ അറിയിപ്പു

ഗവർമ്മെണ്ടിന്റെ ഇക്കൊല്ലം കടം വാങ്ങുന്നതിനു നടപടി പലിശക്രമം ഒരു പുതിയ മാതിരിയിലാകുന്നു. ഈ കടം മുഴുവനും 1923 നവെമ്പരിൽ കഴിയാത്ത ഒരു കാലത്തിനുള്ളിൽ മടക്കിക്കൊടുക്കുന്നതാകുന്നു. എന്നാൽ ഈ കടം 1920 ഒക്ടോബറിനുശേഷം എപ്പോഴെങ്കിലും മടക്കിക്കൊടുപ്പാൻ ഗവർമ്മെണ്ടിന്റെ ഇഷ്ടപ്പെടുന്നതായാൽ അങ്ങിനെ ചെയ്യാവുന്നതുമാകുന്നു.

2. കച്ചേരിയിലും മതിരാശിയിലും ബൊമ്പായിലും മറ്റു പ്രധാന സ്ഥലങ്ങളിലും അപേക്ഷകർ സ്വീകരിച്ചു സാധാരണ മാതിരിയിൽ നാലണാകോടി രൂപയ്ക്ക് വേണ്ടി കഴിഞ്ഞിരിക്കുന്നു. അതിനെ സംബന്ധിച്ചേടത്തോളം കടം വാങ്ങൽ ഇപ്പോൾ തന്നെ സാധിച്ചിരിക്കുന്നു. എന്നാൽ ഇതിന്നു പുറമെ സേവിംഗ്സ്ബാങ്കിൽ പണം കെട്ടിയി

നിക്കുന്നവർ ആയാലും അല്ലെങ്കിലും പുതിയ ലൈസൻസിനു കടം കൊടുപ്പാൻ ആഗ്രഹിക്കുന്നു എന്നുള്ളതുകൊണ്ട് സേവിങ്ങ്സ്ബാങ്ക പ്രവൃത്തി നടത്തുന്ന ഏറ്റവും അടുത്ത തപ്പാലാപ്പീസ്സ് ഉപാന്തരം പണം അടക്കുന്നതിനു 403 പ്രകാരം അവസരം കൊടുക്കുകയും ചെയ്തിരിക്കുന്നു.

എങ്ങിനെ പണം അടക്കണമെന്നും.

3. ഒക്ടോബർ 30 - നു തിയതിവരെ എപ്പോഴെങ്കിലും തപ്പാലാപ്പീസ്സ് ഉപാന്തരം അപേക്ഷകൻ ചെയ്യാവുന്നതാകുന്നു.

4. അപേക്ഷകൻ നൂറിനു 10 രൂപ്പികയും 10 രൂപ്പികയിൽ കവിയാതെയും ഒരു അപേക്ഷക്കോൺസ സംഗതിയിൽ 5,000 കയിൽ കവിയാതെയും ഉള്ള സംഖ്യക്കു ആയിരിക്കുന്നു.

കുറിപ്പ്—തപ്പാലാപ്പീസ്സ് ഉദ്യോഗം വഹിക്കുന്ന ദുസ്സഹമായ വ്യവസ്ഥകളുള്ള ആപ്പീസരി നേടുകൾ ഉടമപ്പെടുത്തുന്നതിനായി അപേക്ഷിക്കുന്നവർ കൈയ്യക്ഷരം ഉണ്ടായിരുന്നാലും ഇല്ലെങ്കിലും ആയാൾ 5,000 രൂപ വരെ പുതിയ കടത്തിനു അപേക്ഷ ചെയ്യുന്നതാകുന്നു.

5. അപേക്ഷ ചെയ്വാൻ ആഗ്രഹിക്കുന്ന ആൾ താഴെ പറയുന്ന മാതിരിയിൽ (ഫാറത്തിൽ) ൽ വിവരങ്ങൾ എഴുതി ചേർക്കുന്നു. സേവിങ്ങ്സ്ബാങ്ക പ്രവൃത്തി നടത്തുന്ന ഏതു തപ്പാലാപ്പീസ്സിലും ഈ ഫാറം കിട്ടുന്നതുമാകുന്നു. ആയാൾ എത്രക്കാലത്തോ അപേക്ഷിക്കുന്നു എന്നുള്ള ഒരു സംഖ്യ ഉപയോഗയോഗ്യത്തിനു അടക്കുന്നു. ആയാൾ സേവിങ്ങ്സ്ബാങ്കിൽ പണം അടച്ചിട്ടുള്ള ആളാണെങ്കിൽ ആയാളുടെ സേവിങ്ങ്സ്ബാങ്ക കണക്കിലുള്ള പണത്തെ ഈ കാര്യത്തിനായി ആയാൾ ഉപയോഗിക്കുകയോ നേരിട്ടു പണമായി അടക്കുകയോ ചെയ്യാവുന്നതാകുന്നു. അപേക്ഷകാരൻ താൻ തന്നെ തപ്പാലാപ്പീസ്സിലേക്കു പോകുകയോ ആളെ അയക്കുകയോ ചെയ്യാം. ബാക്കി എല്ലാ സംഗതികളും കിട്ടിയ ബോധിച്ച ശേഷം നിശ്ചിതിപ്പെടുത്തുന്നതാകുന്നു.

EXAMINATION IN SCHOOL MANAGEMENT AND THE ART OF TEACHING FOR EUROPEAN TEACHERS IN EUROPEAN SCHOOLS.

An examination in School Management and the Art of Teaching under article 65 of the Code of Regulations for European Schools, Madras and Bangalore, will be held on the 13th of December 1915. The centres of the examination will be notified later

2. The examination is open to European teachers who have taught in recognised European schools in the Presidency of Madras or the Civil and Military Station, Bangalore, for not less than two years since December 31st, 1908, under the observation of the Inspector of European Schools, Inspector of schools, 9th Circle, or an Inspectress of Girls' Schools, and who have satisfied the Inspector or Inspectress concerned as regards their methods and skill in teaching and in class management.

Applications should be made on printed forms which can be obtained from the Inspector of European Schools, Old College, Madras, S.W., and should reach the Inspector not later than 30th October 1915. They should be accompanied by a covering letter, in which should be quoted any remarks made by the inspecting officer in table (5) of the annual inspection reports of the present and previous years relating to the status of the teacher and his or her eligibility to appear for the examination. It should also be mentioned whether the applicant has appeared for the examination before.

Applications from teachers employed in schools should be submitted through the inspecting officer concerned in order that the latter may have the opportunity of granting the certificate of eligibility appended to the printed form of application. No fee need be paid before the submission of this application, but such teachers as are found eligible after scrutiny of their applications will be required to pay the prescribed fee (rupees five) before admission to the examination.

3. Applications from teachers who seem to satisfy the conditions of admission on the date of receipt of this notification should be submitted as soon as possible, in order to facilitate verification in this office of the facts stated in the applications and to afford ample time for determination of their eligibility or the reverse.

4. Candidates anxious to assure themselves that their applications have been received should enclose an addressed post card in their respective applications. The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the Inspector's acknowledgment

5. The following is the curriculum for the examinations for the Middle and the Primary Teachers' certificates. The same papers may be set for both grades, but may contain a certain number of alternative questions of a simpler nature for candidates of the Primary grade :—

SCHOOL MANAGEMENT.

(a) School buildings and equipment; the bearing of various types of school-building on the work of the school; sanitary conditions and supervision.

(b) The curricula for different types of European schools; the framing of syllabuses in different subjects and of time-tables.

(c) School records including European School registers and returns

(d) The moral aim of school work and its connection with the home Formation of habits—mental and moral—such as order, thoroughness, consideration for others, loyalty to fellow-pupils and the school the intelligent use of leisure Importance of studying the individual pupil. Personality of teacher. School drill, common breaches of order and decorum and how to deal with them. Breaches of the moral law and how to deal with them. Relations between teacher and pupil and teacher and parent; progress and conduct reports.

ART OF TEACHING.

General principles of method.—(1) The division of a subject into sections suitable (a) for each school year or term, (b) for each lesson. Differences which may be noticed between the sequence of ideas or arrangement of the subject matter, which may be demanded (i) by the nature of the child's mind and (ii) by the systematic treatment of text-books. The use of inductive rather than deductive methods.

(2) Perception and apperception.

(3) The typical lesson form; the four steps—

(i) Preparation (particularly as concerned with bringing into the pupils' minds those thoughts and feelings which will help in the acquisition of the new knowledge, whether they are the result of previous lessons or of his out-of-school experiences, and as including an intimation of the aim of the lesson).

(ii) Presentation, the modes of presentation, *e.g.*, experiment, narration, developing questioning.

(iii) Abstraction, especially limitations to its use.

(iv) Application.

The teaching of the subjects of the curriculum.—Structure and use of the vocal organs; means of securing distinct articulation; use of stories, continuous speech; reading—the alphabet, look-and-say and phonic methods, silent reading; recitation, its aim, the selection of pieces; writing, methods of holding pencil or pen, hygienic posture in writing; dictation and transcription as means and ends; Grammar, the aim in teaching it, its correlation with reading and composition; composition, oral and written, the use of pictures, objects, stories, previous lessons, word and sentence building and paraphrase in teaching it; the ordinary rules of punctuation; the teaching of sentence and paragraph structure; the value of outside reading; choice of subjects in relation to the attainments of the class.

Hand and eye training.—Drawing, the various media suitable for school work and the utility in practice of each; best methods of handling media and postures at work; the use of flat copies and objects; memory drawing; drawing as a training in observation and accuracy as a means of expressing facts and ideas Correlation of drawing with the other subjects of the school course, *i.e.*, map and plan drawing in connection with history and geography and arithmetic; drawing in connection with object lessons and nature study; drawing in connection with writing; kindergarten occupations and their correlation with the other subjects of the child's education.

Nature study & Elementary Science.—Its aims and methods; the framing of suitable courses of lessons about natural phenomena, including animal and plant life and elementary physical geography with reference to local circumstances.

Number work and Elementary Mathematics.—Suitable methods and apparatus, especially practical methods in arithmetic and geometry, and oral methods in arithmetic.

Geography.—Its relation with nature study on the one hand and history on the other—importance of abstraction or generalization in geography teaching—the real meaning and use of maps—map drawing and map-reading—other useful apparatus.

History.—Prevalent errors in teaching it, too much detail, want of perspective, carelessness as to pupils' real understanding of its subject matter, failure to bring into any relation with their first hand knowledge of things, exclusive reliance on dull epitomes, failure to correlate with geography and language work. Importance of biographies, how to select and teach biographies. Necessity of a knowledge of human nature and of realistic treatment. Influence of the study of history on character. How to draw up a good syllabus. Ways of dealing with the class text-book. Selection of appropriate poetry, songs and novels in connection with the period studied.

Domestic Economy for women (candidates).—Methods appropriate for the teaching of the courses for Middle and Primary schools published by the department.

General.—Notes and note-taking, their use in school work; home work and exercises, the nature and amount of work for the different classes and in the different subjects, reasons for limiting the amount of home exercises as much as possible in the lower classes; the correction of home exercises and notes.

The preparation of lessons by the teacher, notes of lessons.

Library and museum.—Their value, methods of encouraging their use by pupils.

For the High school teachers' certificates, the above curriculum will be followed except that "Hand and Eye Training" under "The Art of Teaching" may be replaced by any two of the following subjects:—

(1) Special methods of teaching Latin.
(2) Do. French
(3) Do. Physics (or Domestic Economy in the case of women candidates).
(4) Do. Mathematics.
(5) Do. History and Geography

6. European teachers in European schools who have not undergone a course of training, or who though trained, have not passed the written test at the end of the course of training are expected to appear for this examination provided that they have satisfactorily completed the two years' period of probation; but teachers who have been declared eligible for exemption under article 64 (a) and (b) of the Code of Regulations for European Schools, Madras and Bangalore, need not appear.

7. The scheme of the examination will be notified later.

M. S. H. THOMPSON,
Ag. Inspector of European and Training Schools.

Madras, 1st September 1915.

TRAINING CLASS FOR MEN TEACHERS IN EUROPEAN SCHOOLS, SANAWAR.

Applications for admission to the Training class will be received by the undersigned up to 15th November 1915. They should not be submitted direct to the Principal. Forms of application may be obtained from this office.

Candidates must be at least sixteen years of age, and must have passed the High School examination for European schools or the Matriculation or any higher examination of a University. Preference is given to older students who have had some teaching experience or have passed the Intermediate examination of a University.

Every candidate must produce a certificate of good moral character and a certificate from a commissioned medical officer that his health is good, and that he is suffering from no infirmity likely to interfere with the profession of a teacher.

The next course begins on 1st March 1916. The course ordinarily lasts two years. In special cases it may be reduced to one year.

The Training class is under the immediate direction of Mr. Robert Sanderson, M.A., I.E.S. (late Tutor, Borough Road Training College, London), who is assisted by Mr. T. G. Prince, B.A., B.T. The class is under the general superintendence of the Rev. G. D. Bains, M.A., Principal, Secretary, and Chaplain of the Lawrence Military Asylum, Sanawar.

The syllabus includes English, Geography, History, Urdu, Latin, Mathematics, Elementary Science and Drawing. In subjects specially relating to educational method, etc., the syllabus is founded on that of the London University Teaching diploma.

Advanced students may be given private aid up to the standard of any degree examination in India.

Great attention is given to practical teaching under real school conditions as well as under criticism lesson conditions.

Physical training is carefully attended to, and students are required to pass an examination in the physical drill of a class of boys. There are ample opportunities for games, and there is a volunteer company for students.

Stipends of Rs. 40 per mensem are awarded by Government to selected students. This sum is more than enough to cover the cost of board, books, clothing, and all ordinary expenses. High School scholarships are tenable in the Training class in addition to stipends. The cost of railway fare, second class, will be paid to such stipendiary student on joining and leaving Sanawar, and for the winter vacation (about two-and-a-half months), if enjoyed.

THE MADRAS VETERINARY COLLEGE PROSPECTUS.

As there appears reason to believe that intending candidates for employment in Government service are in many cases not aware of the existence of the Madras Veterinary College and of the prospects offered by a veterinary career, the following prospectus of the college is published for general information. The rules of the college and the scale of the provincial and the subordinate veterinary service are liable to be altered if need requires at any time.

1. The college affords theoretical and practical instruction in subjects appertaining to the veterinary profession with the object of training men for service under Government, Municipalities, Local Board or private employers. The staff of the college consists of a Principal, an Assistant Principal, three lecturers and a subordinate establishment. The responsibility for the discipline and management of the college is vested in the Principal who is subject to the control of Board of Revenue. Full clinical and other facilities are afforded to meet the education requirements of students preparing for the diploma in Veterinary Science. A veterinary hospital, museum, library, shoeing forge and students' hostel are attached to the college.

2. Candidates are eligible for admission without distinction of caste or nationality. They must not be under 18 years of age at the commencement of the term for which admission to the college is desired. In ordinary circumstances, no person over 23 years of age will be admitted as a free student. Students are admitted to the college by selection which will be made by the Principal. Applications for admission should be made in writing in the prescribed form printed at the end, and they should be submitted so as to reach the Principal not later than the 4th December of each year and should be accompanied by the following certificates:—

(a) of age,

(b) of physical fitness and moral character,

(c) that the applicant has passed the Matriculation Examination of an Indian University or that he has obtained 45 per cent. of marks in English and 35 per cent. in other subjects in the School Final Examination, except in the case of Europeans and Eurasians who may be admitted, though unpassed, at the discretion of the principal.

3. In the event of a candidate being selected, he will be served with a special notice informing him of the particular day and hour when and the place at which he should present himself for personal selection. Candidates when admitted will be considered to be on probation for the first two months of the course and may be removed if found to be not satisfactory.

4. *Course and study and curriculum of instruction.*—The course of study for the diploma ordinarily extends over three years. The students of each year's course form a separate class. The number of students in each class is ordinarily limited to 30. Promotion from one class to another is made with reference to the results of the annual examinations. A student who fails in the class examination for two consecutive years shall be removed from the college.

The curriculum of instruction is as follows :—

(i) *First year*—

(1) Anatomy (up to Arthrology).
(2) Elementary Chemistry,
(3) Elementary Botany
(4) Materia Medica.
(5) Handling of animals
(6) Pharmacy (Theoretical and Practical).

During this year students are given practical instruction in nursing, dressing, handling, casting and securing animals as well as in the names of the instruments and appliances used in ordinary practice.

(ii) *Second year*—

(1) Anatomy (the whole, including Comparative Anatomy).
(2) Physiology.
(3) Hygiene (including Breeding and Rearing).
(4) Principles of Horse-shoeing.
(5) Theoretical Veterinary Medicine and Surgery.
(6) General nursing and instructions in the use of instruments and appliances.

During this year students are required to attend hospital practice and receive clinical instruction. They are also required to attend at the Forge and Pharmacy, to carry out dissections and to perform operations on the dead subject.

(iii) *Third year*—

(1) Equine Medicine and Surgery.
(2) Bovine and Ovine Medicine and Surgery (including Obstetrics).
(3) Diseases of dogs
(4) Operative Surgery.
(5) Therapeutics (including Toxicology).
(6) Meat and milk inspections.
(7) Soundness of horses and ageing of domesticated animals.

During this year students are required to perform the duties of clinical clerks and dressers, to perform operations on dead subjects, and afterwards on living animals, to conduct *post mortem* examinations and generally to carry out practically all the duties appertaining to their profession. Students who hold the diploma in Agriculture are not required to attend the first year's course of study, but are examined in the subjects of both the first and second year courses at the end of their first year of attendance at the Veterinary College.

Students who have passed in Chemistry or Botany in the Intermediate or B.A. Examination need not attend the course in Elementary Chemistry or Botany, as the case may be at the Veterinary College.

All students are required to undergo a course of equitation and gymnastics. A student absenting himself without leave from a lecture or from a practical, gymnastic or riding class is liable to be fined.

5. The tuition shall be free to all students who execute an agreement binding themselves to serve Government for five years, if required, after completing their course in the college satisfactory. All others will be required to pay tuition fees in advance of each term at the rate of Rs. 210 per annum. A fee of Rs. 2 per term is also payable by each student, whether free or paying, to meet the cost of sports.

6. Government ordinarily allot thirty scholarships in each class annually, two of the monthly value of Rs. 20 each, which will be reserved for graduates of a University preferably those who have taken a Science degree, and the remaining twenty eight of the monthly value of Rs. 10 each, but they reserve the right to decrease the number or alter their value, if necessary. Scholarships in the first year will be awarded by the Principal on the results of the first three monthly examinations. Scholarships tenable in the second and third years are ordinarily allotted on the results of the monthly and annual examinations. A student already in the enjoyment of a scholarship from a local body or a private person is not eligible for a Government scholarship. All scholarships are conditional on the good behaviour of the holders. Students who cease the enjoyment of the Government scholarships are required to refund the amount which they have received as stipends and also to pay tuition fees at the rate of Rs. 240 *per annum*, if they leave the college without sanction or are expelled for misconduct.

7. *Terms and time-table.*—Each year comprises two terms—a spring session from January to March and an autumn session from July to December. Tables of the times and subjects of lectures to which both teachers and students should adhere will be posted on the notice board at the commencement of each term.

8. *Vacations and holidays.*—(i) In addition to the miscellaneous public holidays, the students are allowed the following vacations and holidays:—

Midsummer vacation (three months),
Michaelmas holidays (one week),
Christmas and Easter holidays (gazetted)

Students are required to attend hospital cases in turn during vacations.

(ii) Leave of absence is granted by the Principal only. Scholarship holders may, at the discretion of the Principal, be granted casual leave, with allowances, for not more than five days at a time or ten days in the year, but no casual leave will be granted in continuation of other holidays with allowances. Any further leave to scholarshipholders except sick leave for a month will be subject to stoppage of scholarship. Leave of absence in each case of illness will be recognised only on the production of a certificate from a duly qualified medical practitioner.

9. *Examinations.*—Examinations are conducted orally and are held annually in December in all the classes. For admission to the examination candidates must have studied at the college for such time as may be prescribed and have attended at least three-fourths of the year's lectures and have done practical work in their respective classes.

10. *Diplomas and certificates.*—A diploma as graduate in Veterinary Science is awarded to students who have gone through the full course of three years' study at the college and have passed the final examination.

Such of the students as are elected clinical clerks and prosectors and perform their duties satisfactorily are, in addition, awarded special certificates on passing the final examination.

11. *Miscellaneous.*—The hostel attached to the college provides accommodation for 43 students. Students are at liberty to make their own arrangements as to their board and lodging. A monthly rent of Re. 1 for a single room and As. 12 for a double room, *viz.*, a room accommodating two students, will be charged from each student who elects to take up his lodging in the college hostel.

12. *Prospects of students who pass out of the College.*—Graduates of the college are eligible for appointment to the following posts in the provincial and subordinate service of the Civil Veterinary Department in the Madras Presidency.

		Rs.

13th September 1915.

H. THOMSON, Lieut.-Col., I.M.S.,
Ag. Sanitary Commissioner for Madras.

JUDICIAL NOTIFICATIONS.

PROCLAMATION

Notice to sail.

By virtue of a Precept to me directed by His Majesty's High Court of Judicature at Madras I hereby proclaim and give notice that a Sessions of Oyer and Terminer and General Gaol Delivery in and for Fort Saint George the Town of Madras and the local limits thereof and the places and factories subordinate thereto will be holden at the Court House of the Court at Madras aforesaid on Monday, the 1st day of November 1915 ensuing the date hereof at eleven o'clock in the forenoon for the trial of all crimes and offences done or committed within Fort Saint George or the Town of Madras or the local limits thereof and places and factories subordinate thereto and dependant thereon.

And also that at the same time and place will be holden a Session of Admiralty for the trial of all crimes and offences done or committed on the High Seas.

And I hereby require and enjoin all persons bound to prosecute and give evidence at the above Sessions or in anywise concerned therein to attend at the time and place abovementioned and not to depart without leave.

Dated this 1st day of August 1915.

H. S. FRASER,
Sheriff of Madras.

NOTIFICATIONS.

Under the provisions of section 122 of the Code of Civil Procedure, 1908, the following draft addition to Order XIII of Schedule I of the said Code is published for the information of all persons interested, and it is hereby notified that the proposed addition as well as any objections or suggestions which may be received in respect of it from any person interested in the matter will be taken into consideration by the High Court on or after the 22nd October 1915, viz :—

Add the following proviso to Rule 7 (2) of Order XIII of Schedule I of the Code of Civil Procedure, 1908—

"Provided that no document shall be returned which by force of the decree has become wholly void or useless."

High Court of Judicature at Madras,
5th September 1915.

O. G. MACKAY,
Registrar.

By virtue of the powers conferred by clause 37 of the Amended Letters Patent of the High Court of Judicature at Madras, 1865, and section 129 of the Code of Civil Procedure, 1908, and all powers hereunto enabling, it is ordered that the rules of the High Court, 1903, be amended as follows and that the amended Rules do come into force, from and after the 1st day of October 1915.

Add as Order XXIV (a) the following rules :—

Proceedings before the Official Referee.

1. Subject to the rules hereinafter contained Order XXIV of the Original Side rules relating to accounts and enquiries referred to a commissioner shall, as far as practicable, apply to all proceedings before the Official Referee.

2. Within seven days from the date of the Order of reference the party having the conduct thereof shall obtain from the Official Referee an appointment for the hearing of the cause before him and shall serve notice thereof on the opposite party; in default the Official Referee shall fix a day for the hearing and shall affix notice thereof to the notice board of the Court.

3. The Registrar shall, in the course of every month, make up a list of suits or matters to be enquired into in the ensuing month and shall post the list on the notice board of the Court not less than five days before the end of the month.

4. The enquiry before the Official Referee shall, as far as practicable, be proceeded with in a similar manner as in actions tried before a Judge hearing a reference in Chambers.

5. The Registrar shall cause the pleadings, issues and order of reference to be produced at the hearing before the Official Referee, and also such other records as any party may apply to be produced.

6. The result of the enquiry by the Official Referee shall, unless otherwise ordered, be stated in the form of a certificate or report drawn up in separately numbered paragraphs.

7. The Official Referee shall, on completion of his report, give notice to all parties to the reference as have appeared before him and the report shall be pronounced by him in the presence of such parties as appear on the date and hour fixed in the notice. The report shall bear the date on which it was pronounced. The Official Referee shall transmit the report and all the records with an index to the Registrar.

8. Notice shall be affixed by the Registrar to the notice board of the Court of the filing of the report and the date thereof and any party to the suit or matter may apply, within seven days, to the Registrar for copies thereof.

9. Any party desirous of filing objections to the report shall do so within fourteen days from the date of the delivery of the report. In computing the said period, time required for obtaining copies of the report shall be excluded.

10. Objections to the report shall be in the form of a memorandum signed by the party objecting and his pleader and shall set forth concisely and under distinct heads the grounds of objection to the report. Each ground shall be separately numbered.

11. A party filing objections shall give notice of such filing to all the other parties who have appeared before the Official Referee and shall, within seven days after filing his objections, serve each of such parties with a copy thereof.

12. No party shall, without leave of the Court, urge or be heard in support of any ground of objections not raised by him in his memorandum of objections.

13. A party desirous of filing additional grounds may obtain the leave of the Court by summons in Chambers served on all the other parties not less than five days before the date fixed for the hearing or consideration of the report.

14. When objections have been filed by the parties or when the time for filing the same has elapsed, the suit shall be set down in the final disposal list for further consideration by the Judge.

15. The Registrar shall draw up a decree embodying the result of the proceedings and shall give notice to all the parties who have appeared calling upon them to approve of the same within seven days. If no objections are taken, the decree shall be issued in terms of the draft.

16. The following rules shall not apply to proceedings before the Official Referee, namely, Rules 301, 302, 309 and 315, and the sentence in rule 303 commencing with the words "If the commissioner" and ending with the words "to all parties."

Rules by the Official Referee.

1. Unless otherwise ordered all sales by the Official Referee shall be by public auction and in cases of immoveable property the sale shall be held at the premises.

2. The Official Referee shall keep a book in which he shall enter the name of each bidder and the bid offered by him.

3. Unless otherwise ordered the deposit in the case of immoveable property and the whole purchase money in the case of moveables shall be paid to the Official Referee who shall thereupon grant a certificate to the purchaser in the following form:—

"I declare A B to be the purchaser of item in the proclamation of sale for Rs. and have received from him Rs. the deposit payable in respect of such purchase."

4. The Official Referee shall, as soon as possible after the sale, certify the result to the Registrar. Such certificate shall contain the date of sale, the names of the bidders and their bid, the purchaser and the highest bid and shall set out the objections, if any, taken by any party at the time of the sale and the result.

5. The purchaser shall pay the balance of the purchase money into Court. Application to receive payment shall be accompanied by the certificate of the Official Referee and the rules of the Original Side relating to payment of moneys into Court shall apply to such payments.

6. The Official Referee shall, as soon as possible, pay into Court the deposit or purchase money received by him at the time of the sale.

High Court of Judicature at Madras,
8th September 1915.

C. G. MACKAY,
Registrar.

Under the provisions of section 122 of the Code of Civil Procedure, 1908, the following draft rules to be substituted for the present rules 41—50 of the Civil Rules of Practice, 1905, are published for the information of all persons interested, and it is hereby notified that these notifications and additions as well as any objections or suggestions which may be received in respect of them from any person interested in the matter will be taken into consideration on or after the 25th October 1915, viz :—

Certified copies.

41. When a person is entitled to obtain a copy of a proceeding or document filed in or in the custody of the Court, he may present an application therefor to the Superintendent of copyists or where there is no such officer, to the chief ministerial officer in person. If the proceeding or document has been sent to another Court, the application may, at the option of the applicant, be forwarded to the said Court for compliance or be returned to him, for presentation to the said Court.

42. The application shall be in Form No. 13 and shall set out the name of the applicant, and his position in the suit or proceeding, and a description of the document of which a copy is required; and an application which is not in proper form shall be returned for amendment.

43. Every day between the hours of 3 and 5 P.M. a list showing the applications in which the records have been received, and the number of stamp papers required, shall be prepared and affixed to the Court's notice board. Such list shall remain suspended for three days, or, if the last day is a holiday, till the next Court day. If the required stamp papers have not been deposited by 3 P.M. on the fourth day counting that on which the list was suspended or, if the fourth day is a holiday, then on the next Court day, the application will be struck off. Between the hours of 3 and 5 P.M. on each of the intermediate days, the applications upon which the requisite deposits have been made shall be struck off the list. The procedure above prescribed shall apply also to calls for additional stamp papers when the number first supplied has been found to be insufficient. Provided that, where the additional stamp papers called for are not deposited, but the stamp papers originally deposited are sufficient for the preparation of complete copies of one or more documents applied for, the application shall be struck off only as regards the documents which cannot be prepared by reason of the insufficiency of the stamp papers supplied; but it shall be complied with by delivery of such of the completed copies as can be prepared on the stamp papers supplied, the decision of the Superintendent as to the documents to be selected for copying being final.

44. A list of copies ready for delivery shall be posted on the notice board of the Court, and shall remain thereon for three clear days other than holidays. The copy and any unused stamp papers shall be delivered to the applicant between the hours of 10-30 and 11-30 o'clock in the morning and 3 and 5 o'clock in the afternoon; and, if not claimed by the applicant, within twelve months from the date of posting the said list, shall be destroyed. No party shall be entitled to the return of stamp papers which are used, but in which an incomplete copy is written. But the incomplete copy may be completed, if the necessary additional stamp papers are deposited under the orders of the presiding officer within six months from the date of striking off, and may then be delivered in the usual manner.

45. The applicant may, in his application for a certified copy, apply that the same may be delivered to him through the post, at a specified address; and, in such case, the copy shall be forwarded accordingly, and, if the application so requires, by registered post.

46. All copies furnished by the Court shall be certified to be true copies, and shall be sealed with the seal of the Court. The Superintendent of copyists, or other officer appointed by the Judge, shall initial every alteration and interlineation in the copy, and shall sign a certificate at the foot thereof that the same is a true copy, and shall also state the number of alterations and interlineations made therein.

47. Every copy shall bear an endorsement showing the following dates :—

(1) Application made ;
(2) Stamp papers (or charges) called for ;
(3) Stamp papers (or charges) deposited ;
(4) Copy ready ;
(5) Copy delivered (or posted).

48. (1) One stamp paper of the value of two annas shall be brought in for every 175 words, or fraction of 175 words.

(2) Four figures shall be taken as equivalent to one word ; and vernacular words with short suffixes and inflections shall be counted as single words.

(3) The cost of copying maps, plans, genealogical trees, tabular statements or other work requiring skilled labour shall be fixed by the Judge, and deposited in Court in cash. Notice of the amount so fixed shall be posted on the notice board of the Court ; and the provisions of rule 43 with respect to the payment of monies for copies, shall apply.

49. (1) When a copy of judgment or order passed by a Civil Court is applied for by a party to the suit or proceeding for the purpose of appealing against it to the District or Subordinate Judge's Court, the copy shall be printed, provided the length of the judgment or order (excluding the names of parties and witnesses and the list of exhibits) exceeds 700 words. In cases where the length of the judgment or order does not exceed 700 words, the production of a printed copy is not compulsory. When the plaintiff and defendant apply separately for copies of the same judgment, each must pay the full printing charges and each application will be dealt with by itself irrespective of the other.

(2) The general procedure in applying for such copy, and in disposing of the application shall be that laid down in the above rules relating to certified copies. The Superintendent, examiner or other officer shall calculate the charges required for printing the judgment or order, reckoning at the rate of 4 annas for every 175 words completed and for the remaining words, 1 anna for every 50 words or fraction thereof. Four figures, or four simple letters used as abbreviations, shall be taken to be equivalent to one word. The name of parties and witnesses and the list of exhibits shall also be printed and included in the charges according to the above rate. When tabular statements, genealogical trees and the like, form an integral part of the judgment, they shall also be printed. A special rate

for printing these shall be fixed by the Court concerned in each case, having regard to their length and complexity and the space they occupy.

(3) The applicant shall thereupon be informed, by notice of the amount payable by him for printing charges and for postage in cases where it is leviable under clause (7) *infra*, in the same manner as he is now informed of the number of stamp papers required for a manuscript copy and at the same time he shall be directed to pay that amount in cash by any means he may choose, direct to the authorised printer whose name and address shall be stated, within seven days of the date of the notice in default of which his application for copy will be struck off.

(4) The printer shall ordinarily supply four printed copies to the Court. On receipt of the four printed copies, they shall be authenticated and two copies shall be delivered to the applicant, one bearing an endorsement of dates, such as are endorsed upon manuscript copies, save that the word "charges" shall be substituted for the words "stamp papers" to be filed with the appeal and used at the hearing, and the second to be kept by the appellant for his own use. In computing limitation, the Court may allow, out of the seven days allowed for the payment of printing charges, as many days as it deems fit in each case as time requisite for obtaining a copy, if the printing office is five or more miles distant from the Court calling for the charges. The two remaining copies shall be placed with the records of the case, one to be given *gratis* to the respondent and one spare copy for supply, also *gratis* to second or more respondents having separate interests in the subject matter of the appeal, or for any other exceptional use. The costs of printing and of postage when they have been incurred under clause (7) *infra* shall be made costs in the appeal, and the Appellate Court shall declare by an express order whether they are to be borne wholly by the appellant or by the respondent or respondents, or proportionately, and in what proportion by each party.

If an appellant requires more than the two copies allowed him by this rule, such extra copies shall be supplied to him on payment of charges calculated at a rate not exceeding one anna per page.

(5) When a copy of the judgment or order passed by an Appellate Court is applied for by a party to the suit or proceeding or appeal for the purpose of appealing against it to the High Court, such copies shall likewise be printed.

On receipt of such application, the Superintendent, Examiner or other officer may, unless the applicant otherwise requests, call also for the judgment or order of the Court of First Instance, against which judgment or order was passed in appeal, and shall collect the necessary charges for printing both. In such case the printer shall, ordinarily, supply eight printed copies six of which shall be delivered to the applicant.

One of the six copies delivered to him, he shall be charged for two of such copies at the rate mentioned in clause (2) above and for the others he shall be charged at a rate not exceeding one anna per page.

If the applicant applies for more copies or if any other party to the suit, appeal, proceeding or connected suit in cases where there is one judgment or order for several connected suits applies for copies before the order is issued for printing or within a week of the application, whichever is longer, such copies shall be supplied on payment of charges calculated at a rate not exceeding one anna per page.

If any application is made after such date, the full printing charges must be paid and such application will be dealt with irrespective of any other.

(6) In order to show cause, when required, why an appeal from an original order or from an appellate decree or order should not be dismissed without notice under Order XLI, rule 11, read where necessary with Order XLII or Order XLIII, rule 2 of the First Schedule to the Code of Civil Procedure, 1908, a party may apply to the District or Subordinate Judge's Court to print a decree or any other paper or if it be not in the English language may present for printing a translation in English of the same, certified by his pleader to be a true translation, such applications shall be dealt with in the same manner as applications for the printing of appellate judgments, provided that printed copies can be delivered to the applicant with copies of the judgments for which he may have applied under the above rules.

(7) If the Court is more than five miles from the printer, the party applying for the copy shall pay for the postage, which like the printing will be taxed as costs in the case. A uniform rate of one anna for every 700 words shall be charged to the applicant for postage in addition to the charges for printing, and it shall be included in the notice given to him under clause (3) *supra* for payment direct to the printer.

5E. Costs of printing or copying or of transmission of copies by post may be taxed, and dealt with as costs in the cause.

High Court of Judicature at Madras,
10th September 1915.

C. G. MACKAY,
Registrar.

THE APPRENTICES EXAMINATION—OCTOBER 1915.

Candidates for the ensuing Apprentices Examination are informed that the examination will be held in the Christian College Hall on Saturday, the 30th October 1915, as follows:—

	10 A.M. TO 1 P.M.	2 TO 5 P.M.
Saturday, 30th October	Practice and Procedure (Civil)	Procedure (Criminal).

2. Candidates will be allowed to answer certain questions with the aid of books. They may bring with them any or all of the following books on the morning of the 30th October 1915.

(i) The rules of the High Court, Original Side, 1902.
(ii) Do. Appellate Side.
(iii) The Civil Rules of Practice, 1905.
(iv) The text of the Civil Procedure Code.

And in the afternoon of the same day, the text of the Criminal Procedure Code.

N.B.—No book should contain any notes of any sort, manuscript or printed. If any candidate brings with him a book containing notes, he will be liable to disqualification.

The use of the above books will be allowed in answering the questions in the second half of each of the above papers.

Candidates on entering the examination room will leave their books in charge of the Examination Superintendent. At 12 noon and 4 P.M. the answers to the questions for which no books are permitted will be collected. New answer books will then be distributed and candidates will, without leaving their seats, receive their permitted books from the Superintendent.

3. Candidates coming to the examination room after 10-30 A.M. or 2-30 P.M. will not be admitted.

4. No candidate will be permitted to leave the examination room till after 10-30 A.M. or 2-30 P.M. and a candidate once quitting the examination room will not be again admitted.

5. Candidates are requested not to spoil the floor by throwing ink, etc. They should not detach any sheets from their answer books.

REVENUE NOTIFICATIONS.

NOTIFICATIONS.

It is hereby notified that applications for appointments in the Imperial Customs Service will be received by the Commissioner of Salt, Abkari and Separate Revenue Department from Indians who are natives of the Madras Presidency, who have received a good education and are of good character and social position. The names of selected candidates will be entered in a register maintained by the Government of India, and their claims will be considered on the occurrence of vacancies in the service.

2. Forms of applications may be obtained from the Secretary to the Commissioner. Applications must be addressed to the Secretary to the Commissioner and must reach him on or before 15th October 1915 and must be accompanied by—

(i) A certificate or other satisfactory evidence of the date of birth,
(ii) A certificate of character and conduct, signed by the Principal of the educational institution in which the applicant last studied for not less than one year or by some responsible officer of Government, and
(iii) A certificate by a Medical officer of Government or qualified medical practitioner regarding the applicant's general health.

3. Applicants must be graduates of a recognised University or must possess other evidence of a high standard of education. They must be under 25 years of age and be prepared to appear in Madras, at their own expense, before the Commissioner, on such days as may be appointed by him.

4. The candidate finally selected by the Government of India will be appointed on probation for two years and will be required to pass departmental examinations in Hindustani and in Customs Law and Procedure. He will be given Rs. 200 a month in the first year of his probation. In the second year, he will be paid Rs. 300 a month on passing either part of the departmental examinations prescribed, and, on completion of two years' service, he will be paid Rs. 400 a month, subject to the condition that he has passed the departmental examinations in full and is confirmed in the department. Thereafter, his pay will be fixed according to the general time-scale (referred to in the next paragraph), Rs. 300 being taken as the starting point. It will be open to the Government of India, at any time, to terminate the probationer's probation and to dispense with his services.

5. At present, the Imperial Customs Service consists of twenty-six appointments and is constituted as follows :—

1 Collector, class I, on Rs. 2,500 a month .. .. } Three of these appointments
2 Collectors, class II, on Rs. 2,250 a month each .. } are reserved for members of
2 Collectors, class III, on Rs. 2,000 a month .. .. } the Indian Civil Service.
3 Civilian Assistant Collectors on Rs. 1,000 rising to Rs 1,300 by annual increments of Rs 100, and then by biennial increments of Rs. 50 to Rs. 1,400.
13 Non-Civilian Assistant Collectors on Rs. 300 rising to Rs 1,150 by annual increments of Rs 50, and then by biennial increments of Rs. 50 to Rs. 1,400. This number includes also three probationers.

Officers posted to Calcutta, Bombay and Rangoon are given a local allowance varying from Rs. 75 to Rs. 250 a month.

All appointments to the Collector's grade, whether acting or permanent, will be made by selection, and seniority will not necessarily give any Assistant Collector a claim to a Collectorship; and, once the rank of Collector is attained, Civilians and non-civilians will be on the same footing for the purposes of promotion. Increments may be drawn by officers who have been confirmed in the department from the date on which they are due; but the Government of India reserve to themselves the right of withholding or withdrawing such increments on account of misconduct or inefficiency. All time spent on leave with allowances, on foreign service or on deputation on special duty will count as service for increment, in the absence of orders in any particular case to the contrary; time spent on leave without allowances will so count, subject to the provision of article 160-B of the Civil Service Regulations.

5. All officers of the Imperial Customs Department are liable to transfer, from port to port, throughout India, including Burma.

SALT, ABKARI AND CUSTOMS DEPARTMENT.

APPLICATIONS are invited from individual capitalists or salt trading companies or firms for laying out a block of about 127 acres of land to the south of the existing Chinnagunjam Salt Factory and working the same on a model saltern on the Vayalur lines for the production of light salt under the Bombay system. The salient characteristics of Bombay salt are (1) its excessive hardness which enables it to bear any amount of rough handling without crushing, (2) the rapidity and completeness with which it dries, (3) its lightness and (4) yielding a larger number of measures per maund when compared with the ordinary salt hitherto manufactured.

2. Chinnagunjam is a railway station on the Madras and Southern Mahratta Railway and the present factory is situated within two miles of the railway line thus affording ample facilities for trade.

3. The chief object in inviting applications is to encourage local industry and to extend this system of manufacture of salt in other localities as well.

4. The land will be assigned on a lease of 10 years to be worked under the modified Excise system. Under this system the lessee will be called upon to deliver to Government the quantity of salt produced in the block during any one season either in whole or in part at a fixed price per garce of 120 maunds of salt. A higher rate will be offered for salt measuring over 80 measures to the two maunds bag.

5. The lessee will have to bear all expenses for bringing the land into cultivation and will have to construct all necessary works as directed by the officers of the Salt Department. These works will have to be maintained annually at the expense of the lessee during the term of the lease to the full satisfaction of the officers of the department.

6. It may be open to either party to terminate the lease by giving to either of them three calendar months' notice before the commencement of the manufacturing season. In such an event the lessee shall be entitled to claim reasonable compensation in respect of the capital expenditure incurred by him on works, buildings, construction of platforms, drying grounds and alignment of pans, etc. Proper accounts, which shall be open to audit by the officers of the department, should be maintained by the lessee of all such capital expenditure.

7. The lessee may, with the consent of the Commissioner, Salt, Abkâri and Separate Revenue, Madras, take one or two approved partners.

8. The lessee should pay all establishment charges in excess of 5 per cent. of the duty collected on the quantity of salt sold in the new extension in the previous year.

9. The lessee should deposit a sum of Rs. 2,000 as security for the due fulfilment of the terms of the lease.

10. The alignment of the pans and the proportion of reservoirs, condensers and crystallising beds should be as directed by the officers of the Salt Department.

11. Out of the area proposed to be leased nearly two-thirds of the area will have to be set apart for the construction of reservoirs and condensers, the remaining area being utilised for crystallising beds.

12. Under this system of manufacture of salt only sea brine will be allowed to be used and not pit brine under any circumstances.

13. Applications should be submitted with a deposit of Rs. 1,000 which may be remitted into any Government treasury and the receipt enclosed. The deposit of all unsuccessful tenderers will be ordered to be repaid.

14. The tenderer, as soon as his tender is accepted, shall have to execute a lease in a form approved by the Board of Revenue, Separate Revenue. If the successful tenderer fails to commence the works within a fixed period both the deposit and the security amounts referred to in clauses 9 and 13 will be forfeited to Government and the land assigned to others.

15. That the lessee should be bound to maintain proper account showing quantity of salt raised, obtained or manufactured out of or upon the said premises and submit true copies of accounts on the 1st day of April, July, October and January or within 14 days therefrom, for the quarter preceding and to produce, if required, vouchers for the same and will once in every year publish in the *Gazette*, *District Gazette* a statement of income derived from the business carried on upon the demised premises and of the expenditure thereon for the preceding year.

16. The lessee shall have no power during the said term of lease to deliver up, assign or part with the possession or sublet the whole or any part of the demised premises or shall he have power to dispose of by way of sale any of the powers granted to him under the provisions of the lease except with the written consent of the lessor, his executor, administrators and assignees.

17. A copy of the lease which should be executed is available for the perusal of the applicants and may be seen at the Circle office during business hours on any working day.

18. Any further particulars required may be ascertained from the Inspector, Salt, Abkâri and Customs Department, Kanaparti Circle, Kanaparti.
